Who is God? — God loves ME!  
change the heart of a small child

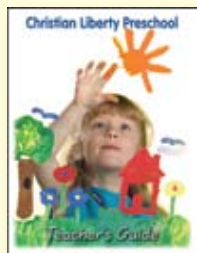

Every parent wants to introduce their child to Christ as early as possible. Now your store can give them the tools to make that job easier.

Christian Liberty Press has developed a series of readers, an Activity Book and a Drill book—all for preschool-aged children.

The readers consist of five books that teach students to read one or two words per page—all with graphics that reinforce the Christian life.

The *Activity Book* allows the child to start working on letters, counting, and more while the *Drill Book* reinforces those concepts by allowing more practice on handwriting skills, colors, and shapes.

*Trottino's Tale*, a read-to book for preschoolers.
